**SPEAKER: Joan Houck      TALK: “Gifts and Glory–How They Fit Together”**

*All answers have been typed as written on the feedback sheets*

## ***What I enjoyed most about today’s talk...***

- Finding Joy in different times of life 20s 30s 40s 50s 60s 70s
- How worthy we are to the Lord. His mercy, healing and forgiveness
- was that the topic related to real life situations    more real in these present times    more real than times past
- The openness of sharing her life and seeing myself & understanding we all have wounds & yes if not what would have been the need for our LORD would not have been needed. So our wounds are where we meet & give up ourselves so the LORD becomes in us. Hence forgiveness also heals us and those who wound us too...LOVE LOVE LOVE
- Being reminded that God wants to give us the grace to forgive which in turn give us the ability to see a situation of hurt in a new light.
- gifts of the Spirit
- Hearing that God wants & desires our restoration.
- Joan’s sharing, the explanation of ‘heart’ and being with faith filled women.
- The honesty in how you shared the truth in your journey to allow God to shine His light into your heart to bring you to His pure love
- Speaker so clear and easy to follow. Great example of our humanness. How we so need Jesus
- Putting into practice the my feelings & Gods
- The confirmation/affirmation of Gods love.
- The simplicity of the experiences of life & family relationship. The understanding of difference things eg flesh/forgiveness.
- AMAZING I took lots of notes & will pray & meditate on what Joan said.
- Inner healing
- Joans honestly and love & faith & trust in God.
- Its relevance for me. And maybe that it fitted in to what I sense the Lord is doing for me so that he can do through me. P.S. I liked the sharing about the cheesecake ! I appreciated how the Holy Spirit cautions us if we can ‘catch’ it and follow.
- IT TOOK ME DEEPER
- Everthing
- The Joy and prescence of the Holy Spirit within & about our beautiful speaker
- The Healing ceremony with oil
- growing closer to Jesus
- That God is always the SAME yesterday / today & tomorrow

## ***What I found challenging...***

- to open heart & look at feelings, patterns.
- Admitting my level of seperation from Jesus is still in need of much more input from what I’m doing
- “letting go”, and giving everything to God to do with what “He” wishes
- The underlying message of need to change in order to truly worship and be faithful followers of Christ.
- Forgiveness & Trust
- To continue to be forgiving & going to the person & asking for it.
- Face myself honestly.
- The lightbulb!
- sitting for so long.

- Trusting God. Risking for love.
- Nothing challenging – I think the Lord had worked through something prior with me and this was like a topping off.
- AT ONE TIME DURING THE TALK I FELT PARTICULARLY ANXIOUS & I HAVE GIVEN GOD PERMISSION TO GO TO THE ROOT CAUSE TO BRING HEALING & RESTORATION
- Dealing with heart break in Joans youger life.
- That I will have to take time, challenged to spend the time in quiet reflection.
- The memories that came up – that I might have to share these.
- coping with the past
- Trusting in God completely
